Date : 18. December 2020

Experience the new HiScroll – the oil-free vacuum pumps by Pfeiffer Vacuum in 3D! The HiScroll series consists of three dry and hermetically sealed scroll pumps with a nominal pumping speed of 6 - 20 m<sup>3</sup> / h. The pumps are especially characterized by their high performance when evacuating against atmosphere due to their unique features. Their powerful IPM synchronous motors achieve an efficiency that is up to 15% higher than that of conventional drives.
